TECHNOLOGY & COMMUNICATIONS UPDATE

Hello Sun Valley! I am Luke Paskert, and I am thrilled to take over as the chairperson for the Technology & Communications Committee. This is our third summer at the lake, and we have loved making new friends and memories. I grew up going to Lake Okoboji with my grandparents and my wife, Kelli, spent the summers in southern Minnesota at Round Lake. We wanted that same experience for our kids, Brooklyn (11) and Aiden (9).

I have always been interested in technology and am privileged to serve as the Chief Technology Officer for BH Management in Des Moines. When a request for committee members went out in 2021, I knew that I wanted to become a member and help with modernization efforts as well as ensuring our member and association data is secure.

Under the committee leadership of Laura Wolfe and through the extensive efforts of Gene Smith, Brenna Young, and Barb Chlupach we were able to bring a new HOA website to the members. The new HOA website serves as a centralized platform for residents

to access important information, documents, and updates related to the community along with advertising. We also brought in much-needed new computer hardware to the office and a Neat Bar for Zoom meetings. Of course, there is also the official Facebook with Brenna at the helm.

For the 2024 season we are not slowing down. Fan favorites like the Photo Contest and the Views and News from our committee's own, Diane Breckenridge, are on track. We have boat ramp cameras coming online to ensure our lake access is secure. Additionally, we have engaged with the board in other digital transformation efforts.

We will see you on the lake!
